ABOUT VSCR:

The Vienna School of Clinical Research (VSCR) is an international non-profit organisation for continuing post-graduate education of physicians and other experts who are involved in clinical research.

The VSCR has trained more than 5000 experts over 90 countries in the last 9 years. Since 2001, approximately 20 different course modules have been developed, involving an international faculty of around 150 experts from more than 40 different countries. The courses cover all topics relevant to clinical trialists including GCP, trial design and methodology, evidence based medicine, biostatistics, clinical epidemiology, ethics, publication, project management and health outcomes research.

OUR PRIVATE/PUBLIC/ACADEMIC PARTNERSHIP:

Based on a partnership between public bodies (City of Vienna, Austrian Government, European Commission), academic centers (15 universities in Europe, US and Africa) and the private sector (pharma- and other industry), the VSCR has developed an educational programme that aims at optimising clinical research by minimising risk and cost and maximising scientific value as well as ethical and quality standards.

Public and private grants and income from course fees provide the funding for a scholarship programme that allows experts from Central and Eastern Europe, the Middle East, Asia and Africa access to the VSCR educational programme.

Applying Good Clinical Practice Vienna, 14 - 15 November 2011

COURSE DESCRIPTION

This course has been designed to provide intensive, highly practice-oriented training of Good Clinical Practice for advanced clinical researchers. Presentations will be accompanied by workshops allowing participants to apply their knowledge within practical exercises and animated discussions.

KEY TOPICS

- Providing opportunities to **share knowledge** and **experience with trainers** and colleagues
- Deepen knowledge on applying Good Clinical Practice in an **international environment**
- Consider potential **solutions for the most frequent issues and pitfalls** in clinical research
- Update knowledge of **regulatory and ICH-GCP guidelines**
- Get to know how to get ready for **inspection and audit**

FACULTY

The course faculty is drawn from a pool of leading experts including university professors, clinical researchers and representatives of Regulatory Authorities. Faculty members are contracted by the VSCR and committed to provide independent teaching of state-of-the-art principles.

APPLICATION CRITERIA

The following pre-requisites should be met by applicants:

- Involvement in clinical trials
- Proven clinical research experience of at least 2 years
- Fluency in the English language
- In preparation of this course we require you to complete a short online assesement

TUITION FEES

The course price of Euro **1,490.00** includes:

- Course fee
- Course material
- Lunch and refreshments during the course
- One group dinner

CERTIFICATES

Certificates will be provided to all participants attending at least 80% of the total course hours and completing the final course examination. This course has been submitted for accreditation to the following bodies:

- European Accreditation Council for Continuing Medical Education (EACCME)
- Österreichische Akademie der Ärzte“ (DFP)

THIS CERTIFICATE IS ACKNOWLEDGED FOR

- Master of Science in Clinical Research
