# National preparation and the work of the HTA coordination group

---

## Aims and objectives

This webcast focuses on the national preparation for the EU HTA in the Nordic countries, Austria and Ireland. Our experts will provide the latest information on national procedures during the transition period and country-specific preparations for the EU HTA. They will also provide firsthand insights into the work of the HTA coordination group.

---

## Who should attend?

This webcast is aimed at specialists and managers in the pharmaceutical industry who bring new medicinal products to market. In particular, staff from the clinical development, outcomes research and market access departments will gain valuable information on study planning and future market access preparations.
