Oncology

Dr Stuart Bell
Inceptua Limited

Expanded Access Programmes

Aims and objectives

Are you about to decide whether an expanded access programme should be developed or are you already about to plan and execute one? Then, this seminar supports you with legal and medical know-how.

After having attended the seminar you know what to bear in mind in the planning phase, have received practical tips on how to do the medical oversight and how to determine a potential programme end.

Who should attend?

This seminar will provide in-depth information on CUPs and NPPs to all involved in clinical affairs, medical affairs, health technology assessment (HTA) and healthcare management, particularly those who develop, plan and conduct expanded access programmes.

Quality guaranteed!

We follow the IMI quality criteria and, as a signatory, we are an active partner in further developing and optimising the quality standards.

An aggregate evaluation of participants' feedback on all FORUM's healthcare training courses (evaluation period from 01.2020 -12.2020) produced a result of 1.7 (based on a school grading system of 1-6).

YOUR SPEAKERS

Dr Marc Christian Bauer

Nektar Therapeutics Inc.

Vice President, Head of Operations Europe

- Strategic information on country selection, outcome research possibilities and much more
- Use of live engagement tools to ensure a sustainable learning effect
- Interaction with other participants in the breaks
- Bringing participants across Europe together

Compassionate use programme and named patient programme

Your programme 09:00 - 17:00

09:00 *Introduction*

09:15

Introduction and decision tree - matching the programme and the company strategy

Dr Marc Christian Bauer

- Why set up a programme?
Pros and cons
- Legal framework and preconditions:
unmet medical need
- Named Patient Programme (NPP)
- Compassionate Use Programme (CUP)
- All the EU, CH, UK or specific countries?
- Should supply be free of charge or
against payment?
- Exercise: Pros and cons of a
programme

10:30 *Coffee break and time for discussion*

10:50

Early access programme design

Dr Stuart Bell

- Intentions behind the programme
- Regulatory pathway selection
- Time frame and duration
- Infrastructure and logistics:
Should a partner be involved?
- Costs and results
- Project planning
- Starting point and timing
- Outcomes research in EAPs:
HTA in the focus, too?
- Exercise: An early access approach
from the perspective of a small EU
biotech company

12:10 *Lunch break*

13:10

Medical oversight and implementing early access programmes

Sarah Moore

- Medical governance and
programme integrity
- The challenges of execution
- Strategies and tools to maximise
success
- Partnering with an access vendor
- Pharmacovigilance obligations
and best practice

14:30 *Coffee break and time for discussion*

15:00

Should the programme end? From early access to regular launch

Dr Marc Christian Bauer

- Unlimited programmes versus
programmes that end with the
marketing authorisation - consequences
- From early access to regular launch:
transitional plan, pricing, supply chain

16:15 *Final discussion*

17:00 *End of seminar*

This is how it works:

- The online seminars are live and interactive.
- They are held and controlled directly by our speakers.
- You may take part in the seminar from anywhere using your end device.
- You will see the presentation and listen to our speaker's lecture using Internet telephony (VoIP) or even a normal telephone connection.
- And you can also ask questions live.

CANCELLATION POLICY

Our general terms and conditions (as of 20 November 2019) apply and are available upon request. We can send them to you at any time. Alternatively, you can access them online at www.forum-institut.com/t&c
