SCHOOL OF  
CLINICAL  
RESEARCH

### ABOUT VSCR:

The Vienna School of Clinical Research (VSCR) is an international non-profit organisation for continuing post-graduate education of physicians and other experts who are involved in clinical research.

The VSCR has trained more than 5000 experts over 90 countries in the last 9 years. Since 2001, approximately 20 different course modules have been developed, involving an international faculty of around 150 experts from more than 40 different countries. The courses cover all topics relevant to clinical trialists including GCP, trial design and methodology, evidence based medicine, biostatistics, clinical epidemiology, ethics, publication, project management and health outcomes research.

### OUR PRIVATE/PUBLIC/ACADEMIC PARTNERSHIP:

Based on a partnership between public bodies (City of Vienna, Austrian Government, European Commission), academic centers (15 universities in Europe, US and Africa) and the private sector (pharma- and other industry), the VSCR has developed an educational programme that aims at optimising clinical research by minimising risk and cost and maximising scientific value as well as ethical and quality standards.

Public and private grants and income from course fees provide the funding for a scholarship programme that allows experts from Central and Eastern Europe, the Middle East, Asia and Africa access to the VSCR educational programme.

## Publication Workshop

Vienna, 21 - 24 November 2011

### COURSE DESCRIPTION

This course provides intensive training for clinical research professionals interested in publishing their work. The program comprises a series of lectures and workshops where delegates will have the opportunity to apply information learned in practical exercises.

### KEY TOPICS

- **Style of biomedical research publications**
- **Formal requirements** of abstract, introduction, discussion, methods and results
- Presenting **clinical trial data**, including proper **statistical methods**
- **Dealing with journals**, as an author and reviewer
- **Recent developments** in science publishing

### FACULTY

The course faculty is drawn from a pool of leading international experts including university professors, clinical researchers, ethics committee members, industry representatives and representatives from other relevant areas. Faculty members are contracted by the VSCR and committed to provide independent teaching of state-of-the-art principles.

### APPLICATION CRITERIA

The following pre-requisites should be met by applicants:

- Previous extended involvement in clinical research
- Previous involvement in publications (At least one citation recommended)
- Fluency in the English language

### TUITION FEES

The course price of Euro **2,500.00** includes:

- Course fee
- Course material
- Lunch and refreshments during the course
- One group dinner

### CERTIFICATES

Certificates will be provided to all participants attending at least 80% of the total course hours and successfully completing the final course examination. This course has been submitted for accreditation to the following bodies:

- European Accreditation Council for Continuing Medical Education (EACCME)
- Österreichische Akademie der Ärzte (ÖA) (DFP)

### THIS CERTIFICATE IS ACKNOWLEDGED FOR

- Master of Science in clinical research

Register before  
**21<sup>st</sup> August**  
to receive  
**a 10% discount**

Register before  
**21<sup>st</sup> October**  
to receive  
**a 5% discount**
